Vestiaire Collective

Vestiaire Collective is the world's leading app for desirable pre-owned fashion. It is dedicated to promoting the circular fashion movement as an alternative to the wasteful and harmful practices of the fast fashion industry.

The mission

To transform the fashion industry for a more sustainable future, together with its **community of fashion activists**.

Their strength lies in their **global community**, as well as a diligent product control process and direct shipping service, which guarantees quality and trust. Members can choose to have products authenticated by Vestiaire Collective's logistics hubs in three continents.

Their pride

Vestiaire Collective is proud of their **community**: they are Fashion Activists committed to promoting and spreading the second hand message.

Best Impact Practice

In 2020, we carried out a **360 internal assessment of our environmental impacts** (life cycle analysis of our service). Following this study, we made logistical adjustments to reduce our transport, in particular by favoring direct shipment services and launching a **"Follow the leaf"** program to indicate a user's region. Finally, the Fashion Activist Badge showcases a community that is committed to a more sustainable fashion industry.
